MOTION-ACTIVATED LED WALL SCONCE

Model # 44219

Model # 48219

Elegant Lighting Without An Electrician!

Available In Black Or Copper Finish

The LED Wall Sconce turns on automatically after dusk when motion is detected. It is perfect for outdoor areas of your home including porches and doorways. One-piece design makes installation easy. Simply add 4 C cell batteries and choose full or half brightness. If you don't need full brightness, prolong battery life with 50% power! The batteries last approximately 1 year with normal use.

EASY SET-UP!

Your wall sconce sets up easily with two screws and a mounting bracket. That's it!

WORKS YEAR ROUND, IN ALL CLIMATES

Built to be long-lasting. An IP44 weatherproof rating, durable aluminum body, real glass panes and LEDs lasting 30,000 hours ensure your LED Wall Sconce will stand the test of time.

ELEGANT, CLASSIC DESIGN

This classic coach light is available in either a black or copper finish; whichever goes better with your home.

WHY IS THIS LIGHT USEFUL TO ME?

- No electrician required.
- Outdoor lights can go anywhere.
- Only turns on when someone walks by.
- Prevent stumbling or possibly falling.
- Elegant, functional addition to your home.
