

solar-powered SECURITY LIGHTS

100 LED / 150 LED Ultra Bright Motion-Activated Lights

These solar floodlights boast an astonishing 100 or 150 LEDs. These extra-bright lights produce more than enough light for most any application, and are great for big yards or spaces where you need lots of extra light.

ULTRA BRIGHT

One of the main benefits of the extra brightness is that these lights will shine further than other lights. These lights are great for very large spaces such as a back yard or patio. The extra light also helps with late night work such as taking out the trash or cleaning up after the dog.

SOLAR POWERED & EASY INSTALLATION

These lights are easy to install and use. Just screw in the solar panel and the lighting module, then plug them together, and you're done! The installation is so simple you won't need to hire an electrician. Once mounted, the solar panel will continually charge the battery during the day. There are no operating costs to run this light.

DURABLE LONG LASTING

These lights are weatherproof and able to withstand anything Mother Nature throws at them.

INCLUDES

- Solar Security Light with rechargeable battery
- Solar Panel
- 15 Ft solar panel cable
- Mounting Hardware
- User Guide
- 1 Year Warranty
