

super-bright mini LED FLASHLIGHT

Our smallest, most compact flashlight with our brightest bulb.

Fits In Your Purse Or Glove Compartment

Keep this compact, super bright mini flashlight where you'll need it most. The .5 W Nichia LED bulb never needs replacement, lighting paths up to 150 feet. One AA battery (not included) will provide over 6 hours of bright light.

Aircraft-Grade Anodized Aluminum Body

High-quality aluminum construction is lightweight and durable. Textured aluminum body is non-corrosive and easy to grip, even when exposed to grease or oils. Weighs only 4 ounces. Perfect for camping or hiking because it doesn't add bulk to your pack.

Features

- Lifetime bulb never needs replacement.
- Shock & water resistant.
- Shatter-proof polycarbonate lens.
- Uses 1 AA batteries (not included).

Compact and durable, keep one in your toolbox, car, purse or backpack.
