

STEEL PARKING MAT

MODEL# 37350

Park Safely Every Time

Park your car perfectly every time and add a distinctive accessory your friends and neighbors are certain to notice. Our Steel Parking Mat helps you to park in the exact same location time and again. Never worry about damaging your car, garage, or stored belongings again.

A Stylish Addition to Any Garage

The Steel Metal Parking Mat has a stylish diamond plate texture and a distinctive look that is sure to stand out and add a professional look to your garage. It is also one of the most sturdy and durable assistance products on the market. This heavy duty parking mat is made of steel and much more durable than the other aluminum parking mats on the market. It is precision manufactured so it doesn't have the sharp edges or exposed screws found on the competition. This metal parking mat is sure to last for years and years.

Easy to Install and Use

To install, simply position your car in the ideal spot, and mark the floor around one of your front wheels. Move the car back and place the metal parking mat on the marked spot on the floor. The rubber feet on the mat will keep the mat in place.

To use just drive forward until you feel a slight bump. The first bump is to let you know to slow down because the second bump is coming! Once you tap the second bump you know you're in the right spot.

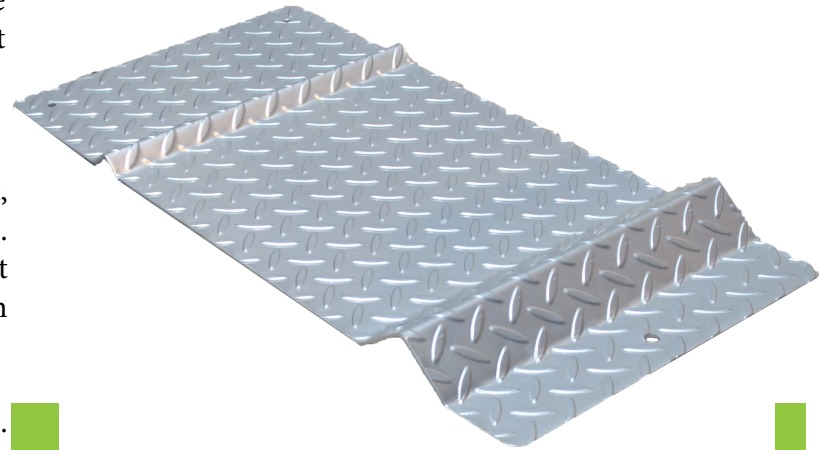

INCLUDES

- Parking Mat
- Rubber Feet
- One (1) year limited warranty

WHY IS THIS USEFUL TO ME

- Stop denting and scratching your car
- Navigate tight garages
- Prevent damage to your car or garage
- Easy to use and install
- No more hitting bikes, appliance, or anything stored in your garage.
