

# *solar-powered & battery-powered* **OUTDOOR LIGHTING**

**MAXSA**  
**INNOVATIONS**

MAXSA Innovations' **Solar-Powered and Battery-Powered Outdoor Lights** are ideal for hard-to-light areas. These lights are easily installed and require no wiring and no electricity. They are perfect for lighting walkways, decks, porches, sheds, barns, garages, signs, flags and carports. Many are also great for indoor use. Durable and weather-resistant, our lights provide a great value for your money.

# SOLAR-POWERED MOTION-ACTIVATED FLOODLIGHTS

These MAXSA solar flood lights come with rechargeable batteries that store sunlight during the day to power your lights all night long. All use amorphous solar panels which allows for charging even on cloudy days. Each flood light has an adjustable motion sensor with additional settings for time, motion sensitivity, and LUX (daylight sensitivity). Durable weatherproof housing (passes IP44). All are easy to install and no wiring or electrician needed!

## 100 LED MAXSA BRIGHT SOLAR-POWERED SECURITY FLOODLIGHT

MODEL# 44449

**100 LEDs make this the world's BRIGHTEST solar motion light available.**

- 413 lumens of brightness!
