

Battery-Powered LED SECURITY SPOTLIGHT

Model #42111

A Bright Light in a Small Package

Easily Installs Anywhere You Need Extra Light

Stay Safe! See What You're Doing!

Stop stumbling in the dark and keep your home safe with the motion activated Battery-Powered LED Security Spotlight.

An Automatic Light To:

- Scare away criminals
- Reduce night time trip and falls
- Help you find your keys at the door
- Provide light when your hands are full with late night chores

Easy to Install and Operate

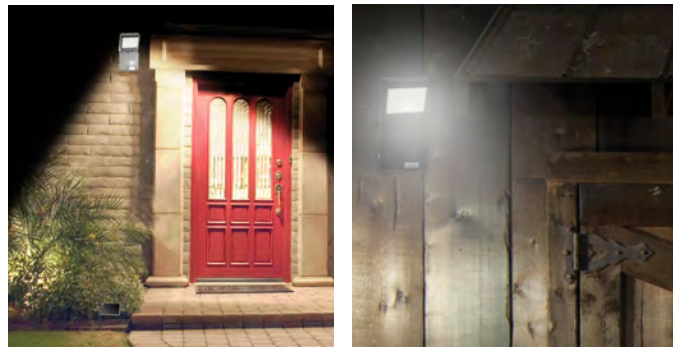

Installation is simple. Put in the batteries, screw in the mounting bracket, and slide the module into the mounting bracket. No need to hire an electrician or install a separate solar panel. Mounts anywhere inside or out.

Customize Protection and Sensitivity

The two adjustment dials allow you to change the duration of each activation and the sensitivity of the light sensor, enabling the light to active earlier or later in the day and to stay on from 10 seconds to 1 minute.

Weatherproof

Install inside or outside! This sturdy light has been tested and rated for outdoor use.
