

PARK RIGHT®

STEEL PARKING MAT

Helps You Park Safely And Easily.

CAUTION: Mat can move.
Always drive on and off the mat slowly
to prevent mat movement.

INSTALLATION INSTRUCTIONS

- Park vehicle carefully in desired position.
- Mark the position of the tire on the floor/pavement for the tire that will be on the mat.
- Remove vehicle.
- Using the tire marks, position the mat so that the tire will be in the center of the mat between the two bumps. Mark the mat position.
- Make sure the floor/pavement is clean and free of oil.
