

battery-powered LED SECURITY SPOTLIGHT

ASSEMBLY & OPERATING INSTRUCTIONS

ABOUT YOUR BATTERY POWERED LED SECURITY SPOTLIGHT

The LED Security Spotlight is perfect for lighting porches, doorways, or around the exterior of your home or business. The 2 super bright LEDs in the LED Security Spotlight have an estimated life of 30,000 hours so they should never need changing.

This LED Security Spotlight has an adjustable TIME dial that allows light duration of up to 60 seconds after the last detected motion. The LED Security Spotlight has a built-in motion sensor, which automatically turns on the light when movement of a heat source (such as people, animals, or cars) is detected in the area. The light remains on while motion continues to be detected in the area and turns off after a predetermined amount of time once the motion stops.

The LED Security Spotlight has a LUX setting which can be adjusted to control the functioning of the built-in photosensor so that the light only turns on at night.

The LED Security Spotlight requires 3 AA batteries (not included). The shorter the time period used, the longer the batteries will last. The spotlight may function irregularly or not at all at temperatures near or below freezing (20° F/-6° C) due to the functionality of alkaline batteries. Normal operation will return when the temperature rises.

PROBLEM	POSSIBLE SOLUTIONS
LED Security Spotlight will not switch on when there is movement in the detection area.	<ul style="list-style-type: none">• Ensure that the power button on the main body is in the ON position• Ensure that the LED Security Spotlight has been positioned so the motion sensor faces oncoming movement.• Ensure that the batteries still have power.• Check to see that the LUX control has not been set too far towards the minimum (☞). Setting the LUX control too far towards minimum (☞) will cause the LED Security Spotlight to turn on only in complete darkness.• Check to see that the motion sensor is not near night time light sources such as street lights.
LED Security Spotlight switches on during the day	<ul style="list-style-type: none">• The LUX control may be set too far towards the maximum (☜) position.• Reposition the LED Security Spotlight so the motion sensor faces a different direction.
LED Security Spotlight switches on for no apparent reason	<ul style="list-style-type: none">• Moving trees, traffic, pets, or birds may be getting in the area of detection. This may be unavoidable; however the sensor could be redirected to a spot where this is less likely to occur.• If there are reflective objects in the detection area such as windows, water, or white walls, you may need to redirect or possibly reposition the motion sensor.• Test the motion sensor by covering it completely with cardboard and waiting several minutes to make sure it does not detect motion. If the LED Security Spotlight still switches on, please contact MAXSA for further assistance.
LED Security Spotlight quickly flashes on and off.	<ul style="list-style-type: none">• Battery charge may be low. See “Installing or Replacing the Batteries” on Pg 2• Move the LUX control more towards the minimum (☞) position
LED Security Spotlight is not as bright as normal	<ul style="list-style-type: none">• Battery charge may be low. See “Installing or Replacing the Batteries” on Pg 2

ONE YEAR LIMITED WARRANTY

1 YEAR LIMITED WARRANTY: MAXSA Innovations, LLC warrants to the original consumer/purchaser that this product shall be free of defects in material and workmanship under normal use and circumstances for a period of one (1) year from the date of original purchase for use. When the original consumer/purchaser returns the product pre-paid (consumer pays return shipping) to MAXSA Innovations, LLC, 8412 Cathedral Forest Drive, Fairfax Station, VA 22039; USA within the warranty period, and if the product is defective, MAXSA Innovations, LLC will at its option repair or replace such. This warranty shall constitute the sole liability of MAXSA Innovations, LLC concerning the product. MAXSA Innovations, LLC expressly disclaims all other warranties INCLUDING, WITHOUT LIMITATION, THE WARRANTIES OF MERCHANT ABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
